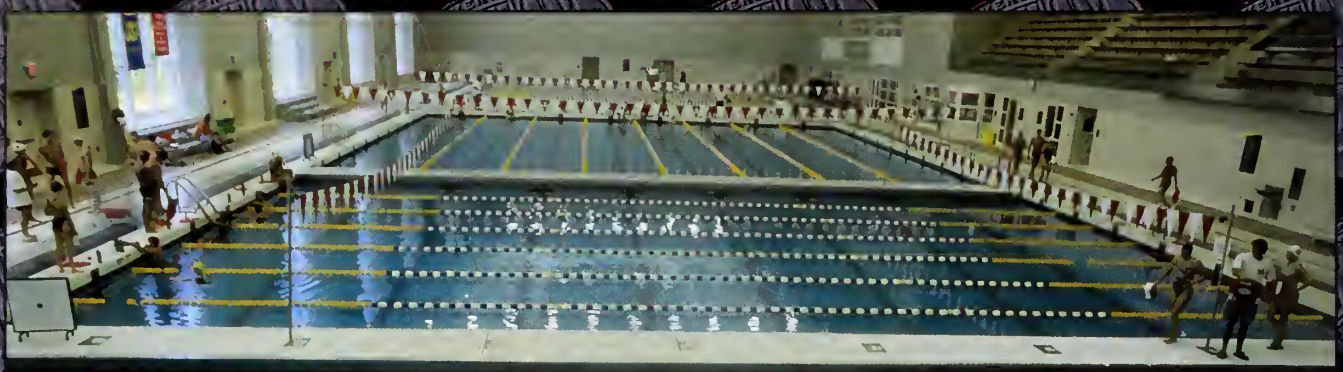
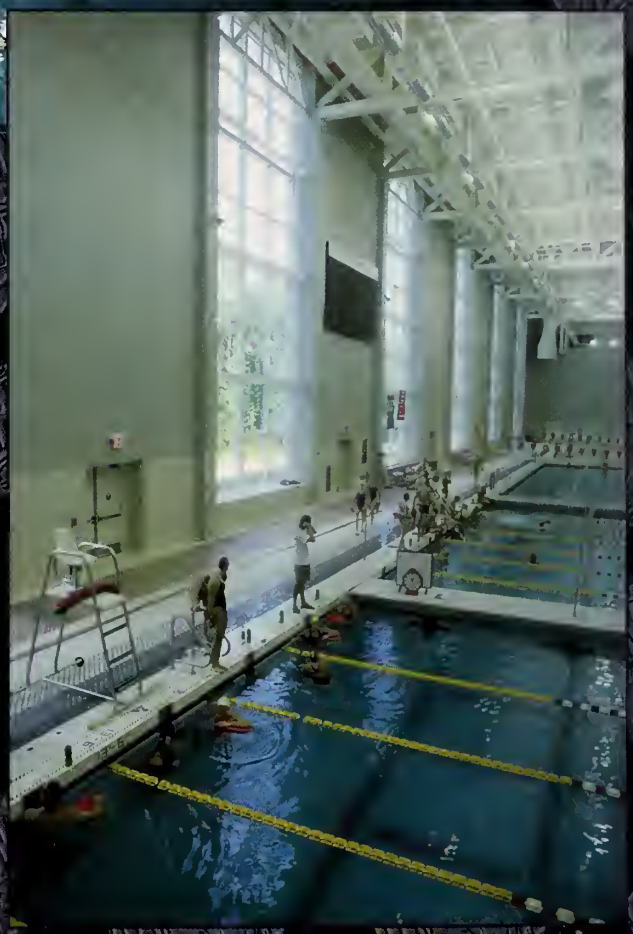
1998-99 Maryland Swimming & Diving

ACC Champions Kevin Burke and Kim Piotro

Campus Recreation Center Natatorium





- Opened Jan. 31, 1998
- Part of $40 million Campus Recreation Center
- One 50X25-yard pool with two movable bulkheads
- Two one-meter diving boards
- Two three-meter diving platforms
- Underwater sound system
- Two saunas
- More than 1.5 million gallons of water
- Balcony seating for 1,000 spectators
- State-of-the-art scoreboard

Media Guide Credits

Credits: The 1998 Maryland swimming and diving media guide was written and edited by David O'Brian, Athletic Media Relations Staff Assistant. Design and layout by Jason Yellin, Publications Coordinator/ Assistant Director of Athletic Media Relations. Photos by Lisa Helfert. Printing by B&B Printing of Richmond, Va.

Additional copies of this media guide can be purchased for $5, plus $1.50 for shipping and handling by writing the Athletic Media Relations Offfice, University of Maryland, 1112 Cole Field House, College Park, Maryland, 20741-0295, or by calling (301) 314-7064.

Quick Facts

Location: College Park, Md.
Founded: 1807
Enrollment: 33,006
President: C.D. Mote, Jr. (California '59)
Athletic Director: Deborah A. Yow (Elon '74)
Nickname: Terrapins, Terps
Colors: Red, White, Black and Gold
Affiliation: NCAA Division I
Conference: Atlantic Coast Conference
Home Facility: Campus Recreation Center Natatorium
Head Coach: Jim Wenhold (Maryland '85)
Record at Maryland: Men 30-24, Women 39-16
Career Record: Men 30-24, Women 39-16
Assistant Coach: Mark Murray (Virginia Commonwealth '88)
Diving Coach: John Wolsh (Maryland '82)
Student Assistants: Dan Fougere, Scott Grayson, Heather Schadler, John Williamson, Heather Wilson

Men's Team Information

All-Time Program Record: 358-151
1997-98 Overall Record: 8-2
1997-98 ACC Record: 2-2
1998 ACC Championships: 5th of 8, 359 points
1998 NCAA Championships: Tied for 35th
Letterwinners Returning/ Lost: 19/2

Women's Team Information

All-Time Program Record: 119-95-2
1997-98 Overall Record: 8-2
1997-98 ACC Record: 2-2
1998 ACC Championships: 4th of 7, 391 points
Letterwinners Returning/ Lost: 13/6

Thu.-Sat.	Mar. 25-27	Men's NCAA Meet	Indianapolis, Ind.	11 a.m./7 p.m.
Sun.-Thu.	Mar. 28-Apr. 1	Phillips 66 Nationals	Long Island, N.Y.	TBA
Mon.-Wed.	Apr. 2-4	U.S. Diving Zone A Meet	Rockville, Md.	TBA
Mon.-Sun.	Apr. 12-18	U.S. Diving Championships	TBA	TBA

* ACC meet, All times are EST and are subject to change, home meets are in caps and take place at the Campus Recreation Center Natatorium

Maryland 19th in Sears Directors' Cup

In final standings released by the National Association of Collegiate Directors of Athletics (NACDA), the Terrapins' program was ranked tied for 19th out of 306 Division I schools last year. It is the highest finish for the Terps since the rankings began five years ago, and Maryland's 38-position jump from the No. 57 spot in 1994-95 is the greatest in that time by a school not previously ranked in the Top 25.

University Mission Statement

The University of Maryland is the flagship of the state's higher education system and a prestigious public research university, known for academic excellence in undergraduate and graduate education. The faculty is at the leading edge of scientific, technological, intellectual, and artistic discovery, while remaining focused on teaching. Providing the broadest range of highly challenging programs for the most talented students, the University of Maryland's state-of-the-art facilities and diverse campus community offer an ideal educational atmosphere and a location connecting faculty and students to unlimited resources for scholarly exploration and practical experience. The university also serves the state and region through application of research and expertise to address societal issues and promote economic growth.

Credentials: Media and photographer credentials for meets at Maryland's Campus Recreation Center Natatorium may be obtained by working press, radio and television by writing or calling David O'Brian in the Maryland Athletic Media Relations office, 1112, Cole Field House, College Park, MD 207421-0295. All requests should be submitted at least 48 hours prior to the event by phoning the Media Relations Office at (301) 314-7068. Since space is limited, accommodations are on a priority basis: daily newspapers and wire services, originating radio and television stations, national weekly or monthly publications, electronic media outlets, local and regional television crews. Priority is granted to members of the media who cover Maryland athletics on a regular basis, and to visiting media members. Photo passes will be issued only to accredited photographers on assignment.

Services: The Media Relations Office will provide complete NCAA statistics at the conclusion of every home meet. Programs containing rosters and meet notes on each team will be provided for the working media.

Fax Machine: The Media Relations Office has one facsimile machine, located in Room 1112 of Cole Field House, which is available upon request. The fax number is (301) 314-9094.

Faxback: The Atlantic Coast Conference uses its own fax-on-demand system. For faxback information on the University of Maryland or any Atlantic Coast Conference school, please call the Maryland Athletic Media Relations Office.

Terrapin Fan Phone: For up-to-date reports, comments from coaches, and other Maryland athletic department information, phone the Terrapin Fan Phone at (301) 314-TERP.

Terps on the Web: For up-to-date game stories, statistics, schedules and results, and other Maryland athletic department information, please locate www.umterps.com on the World Wide Web.

The Terrapin Club

What is the Terrapin Club?

As the scholarship fund-raising arm of the athletic department, the Terrapin Club is composed of approximately 4,500 members who contribute money annually to help pay the scholarship costs of our student-athletes. For many student-athletes, scholarships are the only means available to continue their education; for others, scholarships provide the opportunity to compete at the highest level of athletic competition in America's premier conference, the Atlantic Coast Conference.

With nearly 600 student-athletes, 400 of whom benefit from scholarship support, the scholarship bill for the coming year is approximately $4.5 million. For the fiscal year that ended June 30, 1998, the Terrapin Club contributed approximately $2.8 million toward scholarships.

How Much Should I Contribute?

As a Terrapin Club member, you can contribute the minimum of $125 or any higher amount. Your benefits of membership, however, do vary depending on your level and amount of contribution. The Terrapin Club is composed of seven levels of membership, ranging from the Top Terp level, where members contribute at least $10,000 per year, to the Silver level, where members contribute $125 per year.

What Benefits Do I Receive for Being a Member?

Members of the Terrapin Club directly assist the university in providing athletic scholarships. In addition, benefits of membership include priority seating for football and basketball, preferred parking, a monthly newsletter, and invitations to receptions and Terrapin Club events. Furthermore, you must be a member of the Terrapin Club to purchase men's basketball season tickets.

What Methods of Contributing are Available?

Direct gifts are the most common way of contributing. They are made in the form of cash, stock, checks or credit card (Visa or Mastercard). As a donor, you have the option of contributing once annually or periodically throughout the year. Also, you can now make your contribution via electronic bankdraft, where your account will be debited a set amount on the 10th of each month.

Still Have Questions?

Call the Terrapin Club at (301) 314-7020 or (800) 653-7667.

University of MARYLAND
Excellence In Education

There is no better place to be than the University of Maryland. As *Washingtonian* magazine noted in its December, 1997 issue, "...kids are turning down schools like Princeton and Virginia to go to College Park." With its top-ranked academic programs, nationally recognized faculty, diverse population and lush 1,580-acre campus located between Washington, D.C. and Baltimore, Md., it's no wonder the University of Maryland is a sought-after destination for some of the state's — and the country's — best and brightest students.

Attracting them are more than 100 majors and some of the highest-ranked programs in the country. For instance, in the 1998 *U.S. News and World Report* rankings of graduate schools, the Clark School of Engineering was ranked 13th in the nation, the School of Public Affairs was ranked 27th, and also was named one of the country's 25 best business schools for entrepreneurs by *Success* magazine. And, the university's School of Music was ranked 30th in the country in the first *U.S. News and World Report* reputational survey of arts programs since 1994.

The reputation of the School of Music promises to grow when the Maryland Center for the Performing Arts opens in 2000. With a 1,200-seat concert hall, a 300-seat recital hall, a 650-seat proscenium theater, a 200-seat dance studio and a 200-seat experimental theater with state-of-the-art lighting, acoustics and theatrical design elements, it will be an ideal home for university-based performing arts programs.

For exceptional students seeking an exceptional education at the University of Maryland, College Park, there are a number of programs designed to enrich the learning experience. Among them are the Honors Program, ranked among the nine best in the country by *Ivy League Programs at State School Prices;* College Park Scholars, which encourages students who share common intellectual interests to live and study together in 10 specialty areas; and the Gemstone Program, which links student teams from engineering, the humanities, business and the physical sciences in a four-year research project.

Supporting the research needs of students and faculty are some of the country's best research facilities. In 1994, the largest, most technically advanced research archives in the world — National Archives II — moved to College Park. In addition, just outside of College Park are the Library of Congress, the Smithsonian Institution and the National Libraries of Agriculture and Medicine, among others. The university itself has the most comprehensive library system in the area.

The University of Maryland, College Park, as the flagship campus of the state higher education system, is a vital part of Maryland's current prosperity and its vision for the future. For students here, the state offers a bounteous extension of the campus' own wealth of opportunity.

High tech, engineering and service industries thrive in proximity to the campus, offering a wide spectrum of internship and work-study opportunities that only a major metropolitan area can provide. The Kennedy Center alone houses the National Symphony Orchestra, five performance stages, an opera company, and the American Film Institute. In Baltimore, one of the great ports of the world, the Inner Harbor has become a cultural magnet for thousands of tourists each year, offering the National Aquarium, the Maryland Science Center, and other attractions.

Whether your focus is the sciences or the humanities, a small town atmosphere or a metropolitan feel, the University of Maryland, College Park offers a wide range of educational and cultural opportunities. There is no better place to be than the University of Maryland, College Park.

President C.D. Mote Jr.

C.D. (Dan) Mote Jr. started his tenure as president of the University of Maryland, College Park, with the same three-word slogan that has guided his entire academic career: "Quality, Quality, Quality."

From his first day in office, Sept. 1, 1998, Mote has shaped his agenda around the achievement of high quality in every aspect of university activity, from students to sports, and from research to community involvement. Fortunately, Maryland was already well on its way.

"Maryland is a university on the move," Mote said. "That's why I am so excited by this position after spending almost my entire academic career at Berkeley. We have a goal to achieve a place among the 10 highest quality universities in America, and I know in my bones that is an achievable goal."

Achieving quality has been Dan Mote's life, from his student days at the University of California at Berkeley, where he earned all of his degrees, through his years as an outstanding teacher and world-renowned researcher and his leadership of a highly successful capital campaign at Berkeley. He arrived in College Park determined to continue the same level of achievement in his new post.

After earning his doctorate in Engineering Mechanics from Berkeley in 1963, Mote spent a year as a research fellow at the University of Birmingham in England, then three years as assistant professor of mechanical engineering at the Carnegie Institute of Technology in Pittsburgh before returning to Berkeley in 1967.

There he stayed for more than 30 years before coming to Maryland. He earned tenure in 1969 in the Mechanical Engineering Department, and was promoted to Professor in 1973.

Mote served two terms as vice chair of Mechanical Engineering and served as chair from 1987 to 1991. At that time, he was appointed to the FANUC Chair in Mechanical Systems in addition to being named vice chancellor for University Relations, the post he held until accepting the presidency at Maryland in 1998.

Mote has participated with distinction in every phase of the academic enterprise, including classroom teaching, working with students, basic research, applied research and service to the university and the community.

Much respected by his students, Mote earned the 1971 Distinguished Teaching Award and the 1975 Pi Tau Sigma Excellence in Teaching Award for the University of California. He has supervised more than 50 doctoral students, including several who are still in progress, and more than 60 master's theses. He continued teaching and supervising graduate students even during his administrative assignments, and several of his graduate students from Berkeley commute to Maryland to meet with him as they finish their projects. Mote has stated his intention to teach and work with graduate students at Maryland as well.

Mote's research activities have focused on dynamic systems, instrumentation, vibration and biomechanics. He has achieved international recognition for his work on gyroscopic systems, including high-speed translating and rotating systems such as circular and band saws, computer memory disks and tapes. He also has researched the biomechanics of ski injuries and developed safer ski bindings as a result. His research has resulted in more than 300 scholarly publications as well as patents in the United States, Norway, Finland and Sweden.

A registered professional engineer in California, Mote has served in numerous capacities for professional societies, including the National Academy of Engineering (NAE), the American Society of Mechanical Engineers (ASME) and the American Society for Testing and Materials (ASTM), and is co-editor of its biannual research series, "Skiing Trauma and Safety."

Mote's work has been supported continuously since 1962 by the National Science Foundation, and he also has received research fellowships from the Royal Norwegian Council for Scientific and Industrial Research. The American

Society of Mechanical Engineers International elected him to honorary membership in 1975, and he has been elected as well to fellow grade in the International Academy of Wood Science, the Acoustical Society of America and the American Association for the Advancement of Science.

He was elected to the prestigious National Academy of Engineering in 1988, and in that same year was awarded the Humboldt Prize by the Federal Republic of Germany. In 1991, the Japan Society for the Promotion of Science awarded him a fellowship.

In 1992, he conceived, designed and implemented a $1.1 billion comprehensive capital campaign, which had achieved more than $800 million at the time he left Berkeley.

Shortly after he arrived at Maryland, this university's ongoing capital campaign passed the half-way point more than four months ahead of schedule, but Mote has said repeatedly that development and capital campaigns are not about raising money.

"It's about building relationships, with alumni, with business and government, with students and parents. We build those relationships by connecting the alumni and friends of the university with the quality people and quality programs on campus. If we succeed in building authentic relationships, fund-raising happens as naturally as water flowing downhill."

Mote and his wife Patsy live in the President's Residence on the College Park campus. They have two grown children.

Did You Know?

- Maryland has top 20 ranked programs in engineering, computer science, physics, journalism, business, art history, economics, criminology, mathematics, oceanography, astronomy, education, agricultural economics and others.

- The University Honors Program was selected as one of the nation's nine best in ARCO's Guide to Ivy League Programs at State School Prices.

- College Park has the state's largest concentration of academically talented students. More than one-third of new students are in invitation-only Honors, College Park Scholars or Gemstone programs.

- The university collaborates with more than 280 businesses through its Maryland Industrial Partnerships program. The university's incubator has spawned 20 new companies; three have been recognized as among the fastest growing in the state.

- Maryland is the only university in the southeast quadrant of the United States to have both engineering and business programs ranked in the top 25 by U.S. News and World Report. The College of Education also ranks in the top 25.

Maryland

TERRAPINS

Among the Nation's Best

This is Maryland Athletics

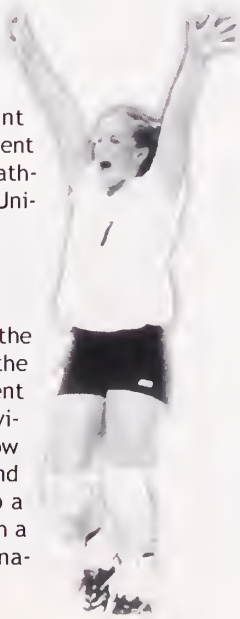
At the University of Maryland, winning is not taken lightly. Like the rich history of all its sports programs, championships are a tradition.

Since the 1950s, Maryland has established itself as one of the most successful athletic programs in the nation. This type of success is no accident; it has been built year-by-year on the achievements of outstanding young men and women who were given the opportunity to excel both on and off the field of play. The victories, the championships and the national acclaim are all ingredients of the Maryland athletic program. Student-athletes who attend Maryland are part of a program and a university which thrive on tradition and excellence.

Academic Excellence

The University of Maryland considers intercollegiate athletics an integral part of the collegiate experience. Its existence provides an opportunity for students, faculty, alumni and students to share in the life of intercollegiate athletics.

The Department of Intercollegiate Athletics strives to achieve the same standards of excellence in its athletic program as exist within the university's teaching, research and public service programs. The department embraces the concept that the student-athlete is first and foremost a student, possessing academic abilities, personal interests and ambitions comparable to those of the other members of the student body. Since 1983, 88 percent of freshmen scholarship athletes who completed their eligibility at the University of Maryland earned their degrees.



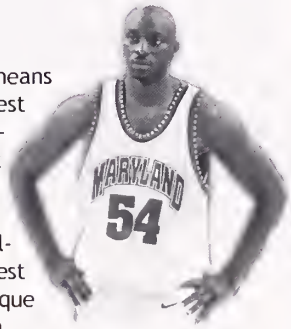
Goals

The great thing about being a Terrapin is the commitment to hard work and dedication. At the University of Maryland, the athletic department is dedicated to supporting a well-balanced Division I program. Athletic director Deborah A. Yow and her dedicated coaches, administrators and staff have re-engineered the department into a responsive and financially sound model — with a clear vision and a determined drive toward national prominence.

Athletic Success

National championships, conference championships, national rankings and postseason play are all a part of the University of Maryland experience. The University of Maryland has established itself as one of the nation's elite athletic programs. The Terrapins have won 13 national championships, including a record four consecutive by the women's lacrosse team. The Terrapins had plenty of reason to celebrate when it came to intercollegiate athletics in 1997-98, as they posted their highest finish ever (No. 19) in the national Sears Directors' Cup all-sports ranking. Its 38-position jump from the No. 57 spot in 1994-95 is the greatest in that time by a school not previously ranked in the top 25.

Competition



Wearing the Maryland uniform means playing in front of some of the loudest and most supportive fans in the nation. It means playing against the best teams in the country, in the most prestigious conference in the country, the ACC. It means wearing the school colors with pride. It means doing your best in athletics and academics. It is a unique and special feeling being a Terrapin.

Athletes in the Community

From the media spotlight to the community spotlight, Terrapin student-athletes strengthen the ties of the local community by serving as role models. Community service is a key part of the Terrapins' agenda. Student-athletes support many community programs which help to enrich the lives of Maryland youth while teaching the importance of studying hard and saying "no" to drugs and alcohol. Representatives from the University of Maryland athletic department speak to participants and use their image and the appeal of sports to encourage Maryland children to stay in school, improve their reading and writing skills, and to receive their high school diplomas.

Athletic Director Deborah A. Yow

The University of Maryland athletic department has made remarkable progress under the leadership of Deborah A. Yow over the past four years. Budgets are now balanced and the inherited operating debt of almost $7 million has been paid in full. There is a spirit of excitement and pride at Maryland and the department has a clear vision for its future.

In her inspiring first meeting with the staff, shortly after she was named A.D. in the summer of 1994, she challenged the Terrapin athletic department to "raise our sights and sharpen our tools...to work hard and work smart...to recognize that our only limitations are those which we place upon ourselves."

Yow has rallied the department toward the achievement of five strategic goals:

Yow Elected 2nd VP of NACDA

Deborah A. Yow was elected second vice president of the National Association of Collegiate Directors of Athletics this past June and is scheduled to assume the organization's presidency in July 2000. Her term as second vice-president began July 1. Now in its 33rd year, NACDA serves as the professional and educational association for more than 5,100 college athletic directors, associates, assistants and conference commissioners at more than 1,600 institutions throughout the United States, Canada and Mexico. Yow is the second woman to serve as an officer of NACDA (Barbara Hedges, athletic director at the University of Washington, held office from 1994-97).

1) Generate significantly higher revenues with increased corporate sponsorships, aggressive marketing and more effective fund-raising;

2) Boost the graduation rate of Terrapin athletes to a level equal to the general student body;

3) Raise the level of competitive achievement nationally and in the Atlantic Coast Conference, while carefully complying with ACC and NCAA rules;

4) Develop a streamlined, highly efficient athletics organization;

5) Provide outstanding customer service.

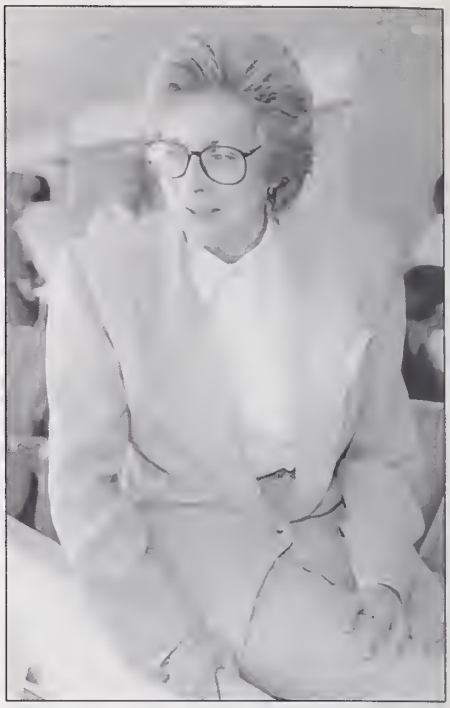
In achieving most of these goals over her first four years as athletic director, Yow and her dedicated coaches, administrators and staff have re-engineered the department from a debt-ridden, underachieving organization to a responsive and financially sound model – with a clear vision and a determined drive toward national prominence. Maryland now ranks in the top 10 percent of all NCAA Division I programs competitively across all sports, is competing effectively in the ACC, and set an enviable record of 154 All-ACC academic honor roll student-athletes. Corporate sponsorship revenues are up 265 percent and annual fund-raising for scholarships has increased 60 percent. Maryland is a remarkably improved athletic program.

In 1997, Yow formed the employee "Committee on Quality in the Workplace" to recommend initiatives to improve working conditions and to design programs to recognize the value of athletic department employees. This has proved to be a wonderful tool in recognizing the worth of the university's outstanding employees across the department. There is a compelling sense that the Terrapin athletic department is a *family*, with a common goal and a shared purpose.

Maryland's athletic director recently observed, "We have the finest coaches, support staff, and administrative team in America. It is because of their courage, hard work, and cooperation that we now have a strong, viable athletic program. I am immensely proud of each of them. I am equally proud of our Terrapin fans who buy tickets and our Terrapin Club members who faithfully support the Maryland athletic program with their donations for scholarships, and the Maryland Educational Foundation and M Club members who serve and give liberally. We have a great Terrapin family. That's the foundation for all our successes...and the basis for our bright future."

Regarding the many achievements of the Terrapin athletic program, Yow says, "We are pleased, but we are not satisfied...our vision is to be one of the top 10 programs in the nation consistently...we see no reason to settle for less." Yow, who is a member of the NCAA Management Council and other prestigious national groups, is known for her goal-oriented and proactive management style. She consistently inspires and expects maximum effort from herself and those around her. Her words set the tone for everyone in athletics: "Winning isn't everything, but the *will* to win is." She points out that this applies in the classroom, on the field of competition, and in life.

A former basketball coach, Yow was the first male or female at the Division I level to lead



three schools (Kentucky, Oral Roberts, Florida) to their first-ever appearances in the national Top 25. Her previous significant administrative experience came at the University of Florida and the University of North Carolina-Greensboro and as a pioneer female athletic director at Saint Louis University (1990-94).

The Maryland athletic department staff is working as a focused, talented and determined team under the dynamic leadership of Dr. Deborah A. Yow and is realizing steady and remarkable progress across all areas, *with the best yet to come.*

With a clear vision and with high aspirations for Maryland athletics, the Terps prepare to enter the new century on a dramatic upward thrust. The athletics staff embraces this prospect, with gratitude for its successes and with renewed determination to further enhance the program's national stature. It has the skill and determined leadership to reach its lofty goals, as a part of this great university. And it will.

Charting the Terps' Progress in the Sears Directors' Cup Under Deborah A. Yow

1994-95: 57th
1995-96: 36th
1996-97: 32nd
1997-98: 19th

The Sears Directors' Cup is the first national all-sports ranking measuring athletic competitiveness.

Athletic Administration

Danita D. Nias

Senior Associate Athletic Director

Danita D. Nias, whose involvement in University of Maryland athletics goes back to her days as a cheerleader in the late 1970s and early 1980s, is in her fourth year as an athletic administrator and her third as the department's senior associate director of athletics. Nias assists the athletic director in the overall administration of the department, including performance management, staff development, and outcome assessment. She oversees the supervision of 13 varsity sports, supervises the personnel, marketing and media relations units, and directs a department-wide Continuous Quality Improvement program. She also assists in the solicitation of gifts for the capital campaign, coordinating her efforts through the athletic advancement office.

She earned her bachelor's degree from the University of Maryland's College of Business and Management with a concentration in personnel and labor relations and her master's from Syracuse in 1998.

She and her husband Michael reside in Silver Spring.

Patricia Nicol

Assistant Athletic Director/Sr. Women's Admin.

Patricia Nicol, the department's senior women's administrator, is in her third year as an assistant athletic director at the University of Maryland. She came to College Park following a six-year stint as associate athletic director and senior women's administrator at Providence College.

At Maryland, Nicol oversees the administration of 13 varsity sports, including nationally ranked programs for women's lacrosse, women's soccer, volleyball, field hockey, men's lacrosse and men's soccer. In addition, she supervises the nationally recognized women's basketball, gymnastics and softball teams, as well as the men's and women's tennis teams and men's and women's swimming programs.

Nicol earned bachelor's (1980) and master's (1983) degrees from the University of Rhode Island, where she was an NCAA qualifier in the sport of track and field. She was inducted into the school's athletic Hall of Fame in 1990.

A native of Providence, R.I., she has two children, Christine (14) and Michael (12).

Academic Support & Career Development

The University of Maryland considers intercollegiate athletics an integral part of the collegiate experience. Its existence provides an opportunity for students, faculty, alumni and students to share in the life of intercollegiate athletics.

The Department of Intercollegiate Athletics strives to achieve the same standards of excellence in its athletics program as exist within the university's teaching, research and public service programs. The department embraces the concept that the student-athlete is first and foremost a student, possessing academic abilities, personal interests and ambitions comparable to those of the other members of the student body.

Maryland athletes working in the Academic Support and Career Development Unit.

The mission of the Academic Support and Career Development Unit, headed by assistant athletic director Demetrius Marlowe, is to provide quality developmental programs and need-based services that will enhance the academic progress, facilitate the career development, and encourage the psychosocial growth of every student-athlete.

MAPS Directory

This directory, produced annually by the Department of Intercollegiate Athletics, is intended to assist graduating Terrapin student-athletes as they begin their professional careers. Distributed to more than 1,000 corporations and businesses around the region, prospective employers are introduced to our graduating student-athletes with resume information relative to academic, career and personal achievements.

Terp Choices

Terp Choices is a program designed to guide student-athletes by orienting, supporting and increasing awareness of the relevant issues pertaining to student-athletes in today's world. The focus of the program is making personal choices and how they may affect an entire team, not just a single individual. Education and interactive workshops are presented to the athletic team and are led by student educators.

Career Information Fairs

Career Awareness in Academic Support is expanding to include a variety of programs which will be offered for student-athletes throughout the semester. Career awareness will be an ongoing process and will include assistance with resume writing and interview skills. The end of the semester will bring a career awareness fair which will host a number of professionals with whom student-athletes can learn about career interests and planning. Unlike typical "job fairs," the purpose of this program is to allow student-athletes to explore multiple career opportunities by speaking directly to individuals in their chosen area of interest.

Team Maryland

Team Maryland is a class taught in conjunction with the campus' Center for Political Leadership in which student-athletes are exposed to leadership and public speaking skills and techniques. The program consists of a group of volunteer student-athletes who learn about the challenges for children in the community by speaking to different elementary schools about drug abuse and the importance of education.

In conjunction with the campus' Center for Political Leadership, participants are taught leadership skills and public speaking techniques to use in their school-based presentations. In addition to school visits, Team Maryland has hosted visits from local schools to our campus.

Undergraduate Programs of Study

A. JAMES CLARK SCHOOL OF ENGINEERING
Aerospace Engineering, Biological Resources Engineering, Chemical Engineering, Civil Engineering, Electrical Engineering, Engineering, Environmental Science and Policy, Fire Protection Engineering, Materials and Nuclear Engineering, Mechanical Engineering

COLLEGE OF AGRICULTURE & NATURAL RESOURCES
Agricultural Sciences, Agriculture/Veterinary (combined), Agricultural and Resource Economics, Agronomy, Animal and Avian Sciences, Biological Resources Engineering, Horticulture, Landscape Architecture, Natural Resources Management Program, Nutrition and Food Science

SCHOOL OF ARCHITECTURE

Biochemistry, Biological Sciences, Chemistry, Entomology, Environmental Science and Policy, Microbiology, Plant Biology, Zoology

UNDERGRADUATE STUDIES
College Park Scholars, Division of Letters and Sciences, Individual Studies Program, Law and Health Professions (Pre-Dental Hygiene, Pre-Dentistry, Pre-Law, Pre-Medical Technology, Pre-Medicine, Pre-Nursing, Pre-Optometry, Pre-Osteopathic Medicine, Pre-Pharmacy, Pre-Physical Therapy, Pre-Podiatric Medicine), University Honors Program

CAMPUS-WIDE CERTIFICATES
Afro-American Studies, East Asian Studies, Latin-American Studies, Science, Technology, and Society, Women's Studies

ACC Honor Roll

During the 1997-98 academic year, 149 Maryland athletes were honored by being named to the ACC Academic Honor Roll. Included on that list are 20 Terrapin swimmers and divers.

To make the ACC Honor Roll, a student-athlete must attain a 3.0 grade point average and earn a letter in their sport.

The number times each athletes has been named to the honor roll is listed in parenthesis after their name.

ACC
ATLANTIC COAST CONFERENCE

Head Coach Jim Wenhold

Jim Wenhold begins his sixth season as the head coach of both the men's and women's swimming teams at the University of Maryland. Since he became head coach, both the men's and women's teams have climbed up the ranks of the ACC.

The women's team has compiled a dual meet record of 39-16 since Wenhold became the head coach. In the past three seasons alone, their record is 27-6. Last season, the women's team recorded its highest finish ever at the ACC Championships when the Terps placed fourth.

The men's team, meanwhile, has compiled a dual meet record of 30-24 since Wenhold took over the program. In the past three years, however, their record stands at 22-9. Last season, the men's team finished with a .500 record (2-2) in ACC competition for the first time since the 1985-86 season.

Under Wenhold's leadership, several Terrapin athletes have flourished in the postseason. Last season was the first time since 1987 that both a male and female athlete each won an individual event at the ACC Championships (Kevin Burke and Kim Piotro). Scott Grayson, who is now a student assistant coach for the Terps, qualified for the NCAA Championships three consecutive years (1996-98) under Wenhold's guidance. In addition, last season was the first time two female athletes (Katy Novotny and Kim Piotro) advanced to the NCAA Championships since 1991.

Wenhold graduated magna cum laude from Maryland in 1985 with a degree in physical education. He was the captain of the swim team his junior and senior years and held the school records in the 100- and 200-yard backstroke as well as the 100-yard freestyle. At the 1985 ACC Championships, he placed fourth in the 100-yard backstroke.

In 1987, Wenhold received his master's degree in sports management from Maryland. During that time he was a student assistant coach for the Terps in the sprint events.

One year later, Wenhold became a full-time faculty member in the department of kinesiology. In addition, he coached the Retriever Aquatic Club from 1988-91. In 1991, Wenhold returned to Maryland to coach the sprinters while continuing in his faculty position. In 1993, he was elevated to head coach.

Wenhold is married to former Maryland swimming standout Amy Dilweg.

Maryland's Men's Team Under Wenhold

Year	Overall	Pct.	ACC	Pct.	Finish at ACCs
1993-94	5-7	.417	1-3	.250	6th/188 points
1994-95	3-8	.273	0-4	.000	6th/177 points
1995-96	7-4	.636	1-4	.200	6th/309.5 points
1996-97	7-3	.700	1-3	.250	6th/257 points
1997-98	8-2	.800	2-2	.500	5th/359 points
Totals	30-24	.555	5-16	.238	

Maryland's Women's Team Under Wenhold

Year	Overall	Pct.	ACC	Pct.	Finish at ACCs
1993-94	4-8	.333	0-4	.000	6th/210 points
1994-95	8-2	.800	2-2	.500	5th/288 points

1997-98	8-2	.800	2-2	.500	4th/391 points
Totals	39-16	.709	9-11	.450	

Coaching Staff

Mark Murray
Assistant Coach

Mark Murray begins his first season as the full-time assistant coach at Maryland. He arrives from Salem-Teikyo University (in West Virginia), where he was the head coach the past four years.

Murray took over the helm of the Salem-Teikyo program in 1994, the program's inaugural year. During his first year at the helm, both the men's and women's teams went 1-9. Three years later, however, both teams compiled 10-1 records. At the 1998 NCAA Division II Championships, Salem-Teikyo's men's team finished fourth and the women's team finished 14th. Murray had swimmers win six national titles at last year's NCAA Division II Championships and had one of his athletes honored as the men's NCAA Division II Swimmer of the Year.

While at Salem-Teikyo, Murray's success did not go without notice. In 1996 and 1998, he was named the WVIAC (West Virginia Intercollegiate Athletic Conference) men's Coach of the Year. In 1998, Murray was also named the WVIAC women's Coach of the Year.

Murray earned his bachelor's degree in political science from Virginia Commonwealth University in 1988. He was a four-year varsity letterwinner and a two-year team captain on the Rams' swimming and diving team. In 1991, Murray earned his master's degree, also from Virginia Commonwealth, in sports management.

John Wolsh
Diving Coach

John Wolsh begins his third season as the diving coach for both the men's and women's teams at Maryland. Under his guidance, several divers have had prolific careers since coming to Maryland.

Last season, Kevin Burke swept the one- and three-meter diving titles at the ACC Championships and was an honorable mention All-America selection at the NCAA Championships. Three other Maryland divers (Krista Irish, Courtenay Miller and Alyssa Anderson) have advanced to the NCAA Regional Diving Championships since Wolsh arrived at Maryland. Miller and Irish also placed in the top eight at the ACC meet.

Wolsh was a four-year letterwinner for the Terps (1976-79). He finished second at the ACC meet as a freshman in both the one- and three-meter diving events and qualified for the NCAA Championships twice during his collegiate career.

He and his wife Lisa have two daughters, Cassandra (age 3) and Victoria (age 2).

Dan Fougere
Student Assistant

Dan Fougere begins his first season as a student assistant with the swimming and diving teams. He will work primarily with the distance swimmers on both the men's and women's teams. Fougere swam for the Terps during the 1996-97 season. He is majoring in kinesiology.

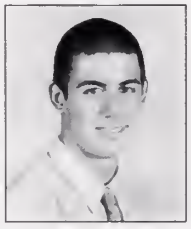
Scott Grayson
Student Assistant

Scott Grayson begins his first season as a student assistant with the swimming and diving teams. He will work with breastrokers on both the men's and women's teams. While swimming for Maryland (1994-98), Grayson qualified for the NCAA Championships three years in a row and was named All-ACC in 1997. He is majoring in kinesiology.

Heather Schadler
Student Assistant

Heather Schadler begins her first season as a student assistant with the swimming and diving teams. She will work primarily with the swimmers in the butterfly events. Schadler was a four-year member of the women's team (1994-98). She was named to the ACC Honor Roll all four seasons and is majoring in kinesiology.

John Williamson
Student Assistant



John Williamson begins his first season as a student assistant with the swimming and diving teams. He will work with the swimmers in the breaststroke events. At Maryland, Williamson was a four-year point scorer at the ACC meet (1995-98) and was the team captain his senior year. He is majoring in business.

Heather Wilson
Student Assistant

Heather Wilson begins her first season as a student assistant with the swimming and diving teams. She will work primarily with the distance swimmers. Wilson holds the Maryland school record in the 500-yard freestyle (4:58.05). She was the team captain her senior year (1997-98 season). She is majoring is business.

Women's Season Preview

After placing in the top four at the ACC Championships last year, the women's team looks to step up another notch in the 1998-99 season.

"We want to place in the top three at the ACC meet," said head coach Jim Wenhold. "We want some of our relay teams to qualify for the NCAA Championships as well as some of our individual swimmers, and we want to score well at the NCAA meet."

Leading the charge for the Terps will be senior **Kim Piotro**, who captured the 200-yard freestyle ACC championship last season and qualified for the NCAA Championships for the first time in her career. Piotro holds the school records in both the 100- and 200-yard freestyle (50.30 and 1:48.45 respectively) and was named the women's team MVP the past two seasons.

"Kim is a great asset to the team," said Wenhold. "She demonstrates what an individual can be capable of with dedication. Since she has come here, she has dropped five seconds off of her 200-yard freestyle time. We are looking for her to defend her title and score at the NCAA meet. As one of our senior captains, she will lead the team by example."

Piotro is just one of the Terps who will give the Terps a big advantage in the sprint events this season. Sophomore **Katy Novotny** broke the school records last season in the 50-yard freestyle (23.55), the 100-yard backstroke (56.01) and the 200-yard backstroke (2:01.20). She was Maryland's other women's swimmer who advanced to last season's NCAA Championships. Junior **Sarah Solomon**, who has been among the team's top three point scorers in each of her first two seasons, and freshman **Kelly Bowman**, who was a high school All-American in the 100- and 200-yard freestyle her senior year, round out the Terps' top sprinters.

"The sprint events are certainly one of our strongest areas," said Wenhold. "We return our top three point scorers from last season and added a real strong freshman. Our sprint relays should be very strong with such depth."

Novotny will lead the Terps once again in the backstroke events but the Terps added depth during the off-season. Junior **Brianna Gerrity**, who won the 200-yard backstroke at the junior college national championships last season, and freshman **Carina Tennessen**, who was last year's Wisconsin high school state champion in the 100-yard backstroke, give Maryland an impressive top three in the backstroke events.

Maryland also concentrated on adding swimmers in the distance events this off-season and Wenhold is pleased with the way this area is shaping up for the season.

"In the past, distance has been a weak area for the women's team," he said. "We went out and brought in a whole slew of swimmers. This is now a real solidified area."

Bowman, who was also a high school All-American in the 500-yard freestyle, and Gerrity, who also won the 500-yard freestyle at the junior college national championships, will be among the top swimmers in this group. Also coming in for the Terps this season are freshmen **Heidi Klykken**, **Jenna Hough** and **Robin Hladish**.

In the butterfly events, Solomon, who placed fifth in the conference in the 100-meter butterfly last season (56.41), sophomore **Marie Tomarelli**, who had a great summer of training after scoring at the last season's conference meet, and freshman **Jodi Encapera**, who advanced to Junior Nationals in both the 100- and 200-yard butterfly, are among the top Maryland swimmers.

Sophomore Katy Novotny advance to nationals in the 100- and 200-yard backstroke.

In the breaststroke events, senior **Katie Polasek** and junior **Alison Shea**, both of whom scored at the conference meet in the 100- and 200-yard breaststroke, are the top returnees from the 1997-98 squad. Junior **Erin Galloway** missed last season due to injuries but is seeking to regain the speed that enabled her to score at the 1996 and 1997 conference meets. Freshmen **Deanna Moyer**, a six-time high school All-American, and **Rachel Handshu** are the top newcomers.

Galloway and junior **Courtney Smith** are the top veterans in the individual medley (IM) events. Tennessen and Encapara, both of whom qualified for Junior Nationals in the 200-yard IM, are the top newcomers.

Junior **Krista Irish**, who has been a consistent scorer at the conference meet the past two years, and junior Denise Reitan are Maryland's top returning divers. Freshmen **Ashleye Henyan**, a two-time high school All-American, and **Nicole Shafer** are the top newcomers.

In looking toward the upcoming season, Wenhold not only sees an outstanding season but also the continuation of an up-and-coming program at Maryland.

"Our incoming class is excellent," said Wenhold. "It should allow the current team to move up the ACC and national ladder. The tradition of Maryland swimming will continue to build."

Senior Kim Piotro is the defending ACC champion in the 200-yard freestyle.

1997-98 Women's Review

Season Recap

• The Terps recorded their highest team finish ever at the ACC Championships, placing fourth out of seven competing teams with 391 points.

• Junior Kim Piotro won the 200-yard freestyle at the ACC Championships (1:48.45). She became the first Maryland athlete to win an individual title at the women's ACC Swimming & Diving Championships since Courtenay Carr in 1988. Piotro led the women's team in scoring and was named to the All-ACC team at the conclusion of the season. In addition, she advanced to the NCAA Championships for the first time in her career, in both the 100- and 200-yard freestyle. Piotro also set the school records in the 100-yard freestyle (50.30) and the 200-yard freestyle (1:48.45) during the season.

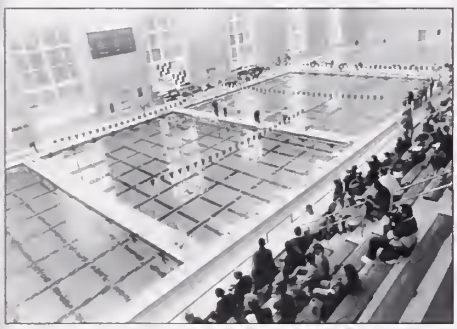
• Freshman **Katy Novotny** set three school records in her first season at Maryland. She established the top times in the 50-yard freestyle (23.55), the 100-yard backstroke (56.01) and the 200-yard backstroke (2:01.20). She advanced to the NCAA Championships in both the 100- and 200-yard backstroke.

• Maryland started off the dual meet portion of its schedule with a 7-0 record en route to an 8-2 record. It marked the Terps' fourth consecutive winning season.

• On Jan. 31, the Terps began a new era as they competed for the first time in the new Campus Recreation Center Natatorium against nationally ranked North Carolina. The new pool drew rave reviews from both swimmers and fans alike. North Carolina coach Frank Comfort said that "while our facility was one of the best built in the 1980s, this one is among the best in the 1990s." At the conclusion of the season, the ACC voted to hold the 1999 conference championships at the Campus Recreation Center Natatorium.

• At the ACC Championships, the Terps broke the school records in the 200- and 400-yard medley relays (1:44.84 and 3:49.47) and the 200- and 400-yard freestyle relays (1:34.13 and 3:24.40). Junior **Kim Piotro**, sophomore **Sarah Solomon** and freshman **Katy Novotny** swam on each of the relay teams. Sophomore **Alison Shea** was on both medley relay teams, while senior Dawn Josephson was on the 200-freestyle relay team and sophomore **Jeanine Lloyd** was on the 400-yard freestyle relay team.

• Freshman **Courtenay Miller** broke the school record in the three meter diving event (six dives) with a score of 326.92 in the meet against American on November 22.



The Terps hosted North Carolina on Jan. 31 in the first ever meet at the Campus Recreation Center Natatorium.

Men's Season Preview

After scoring at the NCAA Championships last season, the men's team is determined to continue to make an impact at the national level.

Leading the way is sophomore diver **Kevin Burke**, who swept both the one- and three-meter events at last season's ACC Championships, advanced to the NCAA meet and was an honorable mention All-America selection. After breaking all of the Maryland men's diving records, he returns as the diver to beat in the ACC.

Junior Jason Ward is one of the ACC's top returnees in the breaststroke events.

"Kevin has proven himself as the best diver in the conference and the best diver we've seen at Maryland and there have been some great divers in the past," said head coach Jim Wenhold. "We look for him to repeat as conference champion and with a year of experience under his belt, we look for even better results at the NCAA meet."

In the sprint events, sophomore **Aaron Peterson**, who led the men's team in scoring last season (257.05 points), is the top returnee. After placing in the top seven at the ACC meet in both the 50- and 100-yard freestyle events, he returns for his second season at Maryland as one of the top sprinters in the conference.

"Aaron is an individual who experienced great time drops in his first season," said Wenhold. "He has become a real contender and we are looking for great things from him this year."

Along with Peterson, seniors **Matt Childs**, who scored at the conference meet last year in the 100-yard freestyle, and **Jay Wolberg**, along with junior **Greg Courtois**, who scored at the conference meet in the 200-yard freestyle, all return for Maryland. Freshman **Greg Kuehnle** is the top newcomer.

Peterson will also lead the Terps in the butterfly events. Last season he set the school record in the 100-yard butterfly (48.45) and placed fifth at the ACC meet. Childs and sophomore **Drew Childs**, both of whom scored at last season's conference meet, and senior **Jason Brothers** and **Scot Budde** all return for the Terps this year. Senior transfer **Angel Prado** should also score at this year's conference meet in both the butterfly and sprint events.

In the backstroke events, Drew Childs, Wolberg and incoming junior **Mark Zonarich**, a Junior National finalist last season, are the other top swimmers for Maryland.

In the breaststroke events, junior **Jason Ward** returns as the pacesetter for the Terps. Last season at the ACC Championships, he placed fourth in the 200-yard breaststroke and seventh in the 100-yard breaststroke.

"Jason should have a great year," said Wenhold. "We may not have the depth we've had in past years, having lost two ACC finalists (Scott Grayson and John Williamson) to graduation but Jason should supply us with some exciting swims in the postseason."

Freshman **Luis Emilio** and **Mark Cullinan** are the top newcomers in the breaststroke events.

In the distance events, meanwhile, senior **Scot Budde** and sophomore **David Slye**, both of whom scored at last season's conference meet are the top swimmers for the Terps.

"With the loss of only two seniors and a strong returning sophomore class we are looking for a stronger team this year," said Wenhold. "We look to climb in the ACC and improve at the NCAA meet."

Sophomore Aaron Peterson is the Terps' top returnee in the sprint and butterfly events.

Men's Roster

1997-98 Men's Review

Season Recap

• Freshman **Kevin Burke** was named the ACC Diver of the Year as he captured both the one- and three-meter diving events at the ACC Championships with scores of 538.20 and 531.85 respectively. Burke went on to advance to the NCAA Championships and placed 16th in the three-meter competition (487.75). At the conclusion of the season, he was named to the All-ACC team and was tabbed honorable mention All-America. In just his first year at Maryland, Burke broke every Maryland men's diving record, including the one-meter records for six and 11 dives (337.12 and 538.20) and the three-meter records for six and 11 dives (345.15 and 578.25).

• Senior **Scott Grayson** advanced to the NCAA Championships in the 100-yard breaststroke for the third consecutive season. At the ACC Championships, he broke his own school record (54.78) and at the NCAA Championships, he placed 20th (55.27).

• The men's team tied for 35th place at the NCAA Championships.

• Maryland jumped out to a 7-0 start in dual meet competition, including a 151.5-131.5 upset of NC State in Raleigh on Nov. 7.

• With an 8-2 record in dual meet competition, the Terps recorded their third consecutive winning season.

• On Jan. 31, the Terps began a new era as they competed for the first time in the new Campus Recreation Center Natatorium against defending ACC champion North Carolina. The new pool drew rave reviews from both swimmers and fans alike. North Carolina coach Frank Comfort said that "while our facility was one of the best built in the 1980s, this one is among the best in the 1990s." At the conclusion of the season, the ACC voted to hold the 1999 conference championships at the Campus Recreation Center Natatorium.

• Freshman **Aaron Peterson** led the men's team in point scoring and broke the school record in the 100-yard butterfly (48.45).

• At the ACC Championships, Maryland set the school record in both the 200- and 400-yard medley relays (1:30.78 and 3:19.35). Freshmen **Ryan Walker** and **Aaron Peterson** and senior **Scott Grayson** competed on both relays. Freshman **Drew Childs** was the fourth swimmer on the 200-yard medley relay team and junior **Matt Childs** was the other swimmer on the 400-yard medley relay team.

Men's Championship Dates
Feb. 25-27, 1999
Preliminaries held at 11 a.m. each day
Finals held at 7 p.m. each night
Defending Champion: North Carolina

Some Place Special

Annapolis ...
Baltimore ...
Washington, D.C.

City lights, history, sparkling waterfronts, monumental landscapes. Jazz, film festivals, marches and demonstrations. Shopping, professional sports, regattas on the Chesapeake Bay. Not just one city, but three. Not just any city, but the nation's capital, a major port city, and the state capital of Maryland. It's all here beyond the campus.

The nation's capital and its major attractions are within 10 miles of College Park. And the highly efficient Metro rail system, with a new station at the campus doorstep, makes navigating the greater Washington, D.C., area easy. Campus shuttles serve the College Park Metro station, allowing easy access to one of the country's model transportation systems.

The United States Capitol

Oriole Park at Camden Yards

The Maryland Capital in Annapolis

Baltimore is just 35 miles north of the University of Maryland. Its rejuvenation as an urban center is unprecedented. The Inner Harbor, its national aquarium and tall ships, and the nearby Oriole Park at Camden Yards create an exciting, vibrant, holiday atmosphere in a city that boasts one of the world's great sea ports. The heart of Maryland, the Chesapeake Bay, is 20 miles from campus, and the state capital, Annapolis, is 30 miles away.

Campus neighbors include such important national resources as the Library of Congress, the Smithsonian Institutions, the National Institutes of Health, the National Aeronautics and Space Administration, and the U.S. Department of Agriculture's Agricultural Research Center.

Washington and Baltimore can be reached easily from anywhere in the world. USAir, which is headquartered in the metropolitan area, uses Baltimore/Washington International Airport as its hub. Dulles International Airport is a hub for United Airlines. College Park is 10 minutes from the Amtrak Northeast Corridor Line and frequent train service along the East Coast.

The Terps' Top Returning Scorers

Jason Ward, Aaron Peterson, Kevin Burke, Sarah Solomon, Kim Piotro, Katy Novotny
